### **KASHRUS UPDATE: Updated Slurpee List**

The Vaad is happy to send out the updated Slurpee List for the upcoming Summer season 2017. If there are any new flavors that are not on this list, please call or e-mail the Vaad office to verify the kosher status of those flavors. Keep in mind new flavors are always being added.

Also, The Vaad has updated our web page with educational information about Kosher, including links to the Star-K's web page with helpful ways to check fruits, vegetables and berries for bugs (which are not kosher)
